

My Star

A Token Of My Appreciation

This is to Record the Star designated as "Manish"

with Magnitude 8.20, type A3,

located at the coordinates: RA 8H 0m 18.79s, and Declination 8° 58m 27.74s,

to be known and named:

Manish

The moment you were born, this star was shining its brightest in the sky above Delhi – just the way you have shone and brightened up all of our lives every single day since. I love you as much as this star shines, Papa.
My shining star, always.
